EDUCATION

Gandhi Institute for Technology

2022-2026

Bachelor of Technology in Computer Science Engineering (B.Tech) - **CGPA - 9+**

Bhubaneswar, India

Aska Science College

2020-2022

11th and 12th (Science) - **Percentage - 75.16**

Berhampur, India

Shree Dhanvantary Interational School

2019

10th - **Percentage - 81.16**

Surat, India

COURSEWORK / SKILLS

- Python
- C Programming
- Data Structures & Algorithms
- Database Management System (DBMS)
- Core Java
- Web Development

PROJECTS

Hospital Management System [↗](#) | Java, MYSQL, JDBC

12 2023

- Developed a Hospital Management System utilizing Java with Database Connectivity (JDBC) and Graphical User Interface (GUI) using Swing framework.
- Integrated JDBC to ensure seamless interaction with the database, enabling secure storage and retrieval of patient records, appointments, and medical histories.

Deep Text Recognizer [↗](#) | Python, TensorFlow, OpenCV

11 2023

- Developed a Convolutional Neural Network (CNN) model using Python, TensorFlow, and OpenCV to perform text recognition and language identification on images
- Achieved 70% accuracy on the test dataset through rigorous experimentation and fine-tuning of the model parameters. This project demonstrates proficiency in deep learning techniques, image processing, and natural language processing.

Task Manager with Priority [↗](#) | Java: Swing framework

2 2024

- Developed a comprehensive Task Manager application using Java, focusing on efficient task management with prioritization capabilities.
- Implemented a Graphical User Interface (GUI) using the Swing framework to provide a user-friendly experience.

EXPERIENCE

IIG Varsity, i-Hub

July 2023 – August 2023

Java Development Intern

Bhubaneswar, India

- **Major Project** - Contact Management System (Java,MySQL)
normalsizeDesigned and implemented a user-friendly interface facilitating contact addition, editing, deletion, and search functionalities..

TECHNICAL SKILLS

Languages : Java, Python, JavaScript, C, SQL, HTML and CSS.

Databases: MySQL.

Developer Tools: Git, IntelliJ Idea Ultimate, VS Code, NetBeans.

ACHIEVEMENTS

- Achieved Elite Certificate in NPTEL Exam for Programming, Data Structure and Algorithm using Python course. [2024] [↗](#)
- Secured Second Position in Byte Rush: Coding Competition, Gandhi Institute for Technology [↗](#)
- Solved 60+ DSA Questions on Leetcode [↗](#)
- Consistently Maintaining 9+ CGPA in Academics
